CALLING ALL PARENTS AND FRIENDS OF OUR MOST TALENTED MIDDLE SCHOOL STUDENTS!

On Thursday, October 13 at 6:00PM until 7:00PM in the LHCS gym, we will have on display some of the amazing works by the middle school students. I usually do not go this far with projects, but they are too cool not to share.

- 8th grade will be displaying their landform 3D models.
- 7th grade will be displaying their Medieval Castles.
- 6th grade will be displaying their knowledge and explanation of the Constitution of the United States.

*Mrs. Jones and Mrs. Crust might join in on the fun as well.

You should be extremely proud of your child’s hard work and creative spirit. I cannot wait to brag about your kiddos.
