

## UPDATE:

**Lock Haven City Police** 13 hrs · \*  
Construction update for Route 120 (Water Street from Jay St to Susquehanna Ave): Paving will start Monday, October 16 and should end Wednesday, October 18. Obviously weather and other factors affect those dates, so please keep that in mind. If you travel through that area, it might be best to find an alternate route for those days as there will be no detours, just single lane traffic. We will post any updates we receive.
